Go To California

Spend a winter in this tremendous and exquisite land, among the redwoods and the missions and orange groves. You can't live long enough to exhaust the interest of California. Everything is different, everything is finer than you have ever seen or known.

Palatial hotels set between the surf and the hills—new foods for your jaded palate—fresh memories for your tired brain.

Before winter overtakes you, follow summer into the west—take the direct route of low altitudes, the Rock Island—and take the Rock Island's de luxe train—

The Golden State Limited

New Home Entertainment.

The pupils of New Home Union Sunday School gave a Christmas tree and entertainment Monday evening. The program was a good one and thoroughly enjoyed by all present. The house was well filled and excellent order prevailed throughout the program.

Four medals were awarded to pupils for good attendance to Sunday School. The school gave their faithful superintendent, D. M. Harris a nice Bible.

After the program the sale of the quilt took place. It had been pieced and quilted by the ladies of the church and neighboring ladies.

Several different ones had been selling chances on the quilt which in the form of the land drawing the names were registered by Mrs. Anna Larue and were numbered here being 188 names in all at 25 cents making \$47.00.

Among those taking in names was one whom we think deserves personal mention and that being Col. J. W. Forbes who spent quite a good deal of time in getting names, in all 60 names. Mrs. John Forbes took in about 25 names, and Miss Frances Reager took in about 10 names. Several others sold about as many but we have not space to mention more. But we thank them all. The numbers were placed on tickets and put into a hat and little Flossie Forbes was blind folded and drew out one number it being 124. Mr. W. W. George of Sweet Springs held that number, he being the lucky one drew the quilt.

We take this method of expressing our thanks to each and every quilt as it all goes to help a great cause.

We especially thank those who so faithfully and willingly assisted in making the quilt.

Again thanking each and every one We are respectfully,
Members of New Home Church.

ECZEMA

Also called Tetter, Salt Rheum, Pimples, Itch Rash, etc.
ECZEMA CAN BE CURED TO STAY, and when I say cured, I mean that you will not have it return again. Remember I make this broad statement after getting ten years of my time on this one disease and basing it on the fact that a quarter of a million cases of it "break" out every year. Now, I do not care what all you have tried, nor how many doctors have told you that you could not be cured—all I ask is just a chance to show you that I know what I am talking about. If you give me 70 DAYS, I will send you a FREE TRIAL of my mild, soothing, guaranteed cure that will relieve you more in a day than I can describe and could in a month's time. If you are discouraged and discouraged, I dare you to give me a chance to prove my claims. My medicine is made of the best of the most powerful and most reliable of the world's best medicines. I am telling you the truth.
Dr. J. E. Campbell, 1444 Park Street, Seattle, Wa.
Remember, I am not a doctor, but I am a man who has cured more than 100,000 cases of this disease. Could you do a better job than I have? I am telling you the truth.
